Title: Development of Integrated SA/DV Examiner Services
Dates: October 2002-September 2003
PI: Faye LeBoeuf, CNM, SANE
Role: Primary Investigator, Instructor

Title: Collaborative Development of Integrated Sexual Assault and Domestic Violence Examiner Services: Training and Service
Dates: October 2001-September 2002
PI: Faye LeBoeuf, CNM, SANE
Role: Primary Investigator, Instructor

Title: Microscopic Genital Trauma Following Consensual versus Forced Vaginal Intercourse
Dates: January 2000 to present
PI: Faye LeBoeuf, CNM
Role: Primary Investigator

Title: GYN Infections Follow Through Study
Dates: April 1999-present
PI: David Soper, MD
Role: Nurse Coordinator/Project Director
Sponsor: The Agency for Health Care Policy and Research/NIH

Title: Clinical Efficacy and Tolerability/Safety of Tolterodine Prolonged Release Capsules and Tolterodine Immediate Release Tablets vs. Placebo. A Randomized, double blind, Placebo Controlled Multinational Study in Patients with Symptoms of Overactive Bladder.
Dates: March 1999-present
PI: Steve Swift, MD
Role: Nurse Coordinator/Project Director
Sponsor: Pharmacia and Upjohn

Title: Long-Term Safety and Efficacy of Tolterodine Prolonged Release Capsules. An Open-label, Uncontrolled, Multinational Study in Patients with Symptoms of Overactive Bladder.
Dates: June 1999-present
PI: Steven Swift, MD
Role: Nurse Coordinator/Project Director
Sponsor: Pharmacia and Upjohn

Title: Dose Escalation Study with Tolterodine in Patients with Overactive Bladder. A Single-Blind Study in Patients with Symptoms of Overactive Bladder Including Urinary Urgency and Frequency With or Without Urge Incontinence.
Dates: June 1998-June 1999
PI: Steve Swift, MD
Role: Nurse Coordinator/Project Director
Sponsor: Pharmacia and Upjohn

Title: Inpatient vs. Outpatient Therapy of Acute Pelvic Inflammatory Disease
Dates: February 1996-present
PI: David Soper, MD
Role: Nurse Coordinator/Project Director
Sponsor: The Agency for Health Care Policy and Research/NIH

Title: A Randomized, Multicenter, Double-Blind, Double_Dummy Comparative Trial of Trovafloxacin and Metronidazole for the Treatment of Bacterial Vaginosis.
Dates: November 1998-May 1999
PI: David Soper, MD
Role: Nurse Coordinator/Project Director
Sponsor: Pfizer

Title: Surgical Treatments Outcomes Project for Dysfunctional Uterine Bleeding
Dates: April 1997-August 1999
PI: David Soper, MD/ Susan Jackson, MD
Role: Nurse Coordinator
Sponsor: The Agency for Health Care Policy and Research

Title: Multicenter, Randomized, Double-Blinded Hormone Replacement Therapy Regimen of Estrodial and Norgestimate and its Effect on Endometrial Histology and Vaginal Bleeding in Post Menopausal Women
Dates: June 1996-1997
PI: Steve Swift, MD
Role: Nurse Coordinator/Project Director
Sponsor: R.W. Johnson Pharmaceutical Research Institute

Title: Protocol NRGLow-OC-001 Low Dose Oral Contraceptives
Dates: April 1997- January 1998
PI: David Soper, MD
Role: Nurse Coordinator/Project Director
Sponsor: R.W. Johnson Pharmaceutical Research Institute

Faye J. LeBoeuf, MSN, CNM
February 2000
Page 6

Title: The Effects of Asthma and Treatment Regimens on Perinatal Outcome
Dates: October 1994-February 1996
PI: J.P. VanDorsten, MD
Role: Nurse Coordinator
Sponsor: National Institute of Health/Maternal Fetal Medicine Network Unit

Title: Assessment of Home Uterine Activity Monitoring for the Prediction of Preterm Labor and Delivery
Dates: April 1994-January 1996
PI: J.P. VanDorsten, MD
Role: Nurse Coordinator
Sponsor: National Institutes of Health/Maternal Fetal Medicine Networks Units

Title: The Effects of Metronidazole on Pregnancy Outcome in Women Infected with T. Vaginalis or Bacterial Vaginosis
Dates: May 1995-February 1996
PI: J.P. VanDorsten, MD
Role: Nurse Coordinator
Sponsor: National Institute of Health/Maternal Fetal Network Units
