

Are You Between The Ages Of 16 and 26?  
Are you interested in receiving a vaccine that  
protects against Human Papillomavirus (HPV)?

---

If so, you may be eligible to participate in a research study being  
conducted through the MUSC OB/GYN department.

### **Study Highlights**

- This is a 42-month research study consisting of 11 visits to  
the doctor's office.

The purpose of this study is to:

- test the safety and effectiveness of the investigational drug  
9-valent HPV as compared to GARDASIL®.
- This study includes a pelvic exam, pap smear, physical exam,  
and vaccination at no cost to you.

**Contact Betty Oswald @ 792-0347 for more information.**

Compensation is available for qualified individuals.
